

ST JOSEPH'S CODE OF CONDUCT FOR SPORT

The goal of Primary School Sport is to get children participating and developing a love for the game - not a love of winning.

Team Selection Process

- Teams from Year 1 - 5 will be made up based on a range of factors: friendships, positions, mixed ability
- Teams are made up by the staff involved in the sport
- Some Year 6 teams, may be trialled - this will give students the experience of being in a trial and practicing their resilience if they do not get into the team of their choice
- Students in various sports may be moved across teams between terms or semesters, to ensure even numbers in a team and all new players are included
- Parent requests will be considered, however may not be accommodated
- Coaches and managers volunteer and if there are more volunteers than positions available, they are selected by the school Sports Coordinator
